idk man. according to the book 13 leaks, these events happen:

- blue and queen wasp kiss. not on the cheek; on the lips. and it's as descriptive as the divergent kissing scenes
- cricket dies by drowning in her own tears after watching a "the last guardian" lets play. (even if it's not that sad to most, she's really cushy so she cried til she died)

- darkstalker and queen wasp fuse, but sundew dabs on them so hard she kills them along with half the universe

oh and according to the source I found on book 15 the Diamond authority appears and wipes out the skywings, and Moon eats a raspberry and turns into a turnip, which Qibli eats.
after realizing it was Moon he went off to date Winter and Blue at the same time

meanwhile Cricket fights the Diamond authority only to die at the feet of the ultimate dragon fusion
Luna goes crazy about how her girlfriend was killed and wipes out the SeaWings
then Queen Wasp mindcontrols her hivewings so much that the Diamonds are so irritated they leave
then Wasp becomes the ultimate queen of all tribes and makes deals to posses everyone
she dies from a memory gun
Then It ends with a cliffhanger of a statue of her
